The Nevada Financial Institutions Division (NFID) is proposing regulation amendments that will revise the hourly fees paid by banks and other financial institutions to the Commissioner of Financial Institutions; revise the method of calculation of an annual fee collected by the Commissioner from certain depository institutions; and provide other matters properly relating thereto. The following questions pertain to how the revised language to the Nevada Administrative Code (LCB File No. R054-16P) will affect your business. If it is determined that the proposed revisions to current regulatory language is likely to impose a direct and significant economic burden upon a small business, or directly restrict the formation, operation or expansion of a small business, the Financial Institutions Division can take any of the following actions:

- 1. Insofar as practicable, consult with owners and officers of affected small businesses,
- 2. Consider methods to reduce the impact of the proposed regulations; and,
- Prepare a small impact statement and make copies of the statement available to the public at the workshop conducted and the public hearing held pursuant to Nevada Revised Statutes (NRS) 233B.061.

Please answer each of the questions that apply and add any qualifying remarks that may help us to understand your position. Please mail, FAX or Email your completed form by **June 3, 2016.**
