Small Business Impact Questionnaire
(Response Requested by February 17, 2020)

The Nevada Financial Institutions Division (NFID) is promulgating regulations in support of S.B. 201 that passed in the 2019 Legislative session requiring the Commissioner of Financial Institutions to develop, implement and maintain a database storing certain information relating to deferred deposit loans, title loans and high-interest loans made to customers in this State. NFID will hold a workshop(s) in the near future and affected businesses and interested parties will be notified of the exact date, time, and location of the workshop.

The subjects for the proposed regulatory language are as follows:

1. Provide a framework for the development, implementation, and maintenance of the database.
2. Provide other matters properly relating to the regulation of S.B.201.

The following questions pertain to how new language to the Nevada Administrative Code 604A regarding the database will affect your business. If it is determined that the proposed regulatory language is likely to impose a direct and significant economic burden upon a small business, or directly restrict the formation, operation or expansion of a small business, the Financial Institutions Division can take any of the following actions:

1. Insofar as practicable, consult with owners and officers of affected small businesses;
2. Consider methods to reduce the impact of the proposed regulations; and
3. Prepare a small impact statement and make copies of the statement available to the public at the workshop conducted and the public hearing held pursuant to Nevada Revised Statutes (NRS) 233B.061.

Please answer each of the questions that apply and add any qualifying remarks that may help us to understand your position. Please mail, fax, or email your completed form by **February 17, 2020** to:
